Part 1 — Marketing Strategy

Positioning

"Protection you can see and trust — 24/7." ShieldTrac is the security partner that is visible, accountable and responsive: vetted guards, modern technology and real reporting.

Target audiences

Audience	What they worry about	What we tell them
Homeowners (suburbs)	Break-ins, slow police response, family safety	Alarm + rapid response, CCTV you can watch on your phone
Shops, SMEs, fuel stations	Theft, staff shrinkage, robberies	CCTV + guards that prevent losses
Corporates, NGOs, schools, estates	Reliable guarding, compliance, accountability	Vetted, trained guards with supervisor patrols and reports
Construction sites, warehouses	Night theft of materials and equipment	Night guards, patrols and temporary CCTV

Brand voice

Confident, calm, professional. Reassure people; don't scare them. Talk about prevention and peace of mind more than about crime.

Content pillars

1. **Safety education (35%)** — home/business security tips, checklists, "spot the weakness"
2. **Capability & technology (25%)** — CCTV installs, alarms, control room, response vehicles
3. **People & trust (25%)** — guard training, vetting, team spotlights, testimonials

4. **Offers & calls to action (15%)** — free assessments, packages, festive campaign

Part 3 — Daily routine

- **Stories:** 3–5 per day showing installs in progress, guard posts (without exposing client locations), polls ("Do you have an alarm?")
- **Privacy rule:** never show client addresses, house numbers, gate codes or camera positions that could be exploited. Blur faces and number plates.
- **Engagement:** reply to every comment and DM within 1 hour; move pricing questions to WhatsApp
- **On every install:** take before/after photos and a short clip, with client permission
- **Monthly:** send each client a short service report (shows value, gives content ideas)
